

**Step1-** To create virtual account click on **“Virtual Account”** present on the left side of your screen.

The screenshot shows the LIVEreel dashboard. On the left is a dark navigation sidebar with the following items: Dashboard (selected), Accounts (18), STREAMING (Create Stream, View Streams (5)), Engagement (Setup Engagement, View Engagement (1)), and Sub User Accounts (Client Account, Virtual Account). A red box highlights the 'Virtual Account' option, with a red arrow pointing to it. The main dashboard area features a header with 'Create 100s of Videos Using Just' and a 'CREATE NEW STREAM' button. Below are four summary cards: 'Total Campaigns created' (5), 'Total Video in customization' (0), 'Total video up for Broadcasting' (5), and 'Social Accounts connected' (15). A line graph titled 'Numbers Of Videos' shows a peak in video numbers around 2018-06-19. A Windows watermark is visible at the bottom right.

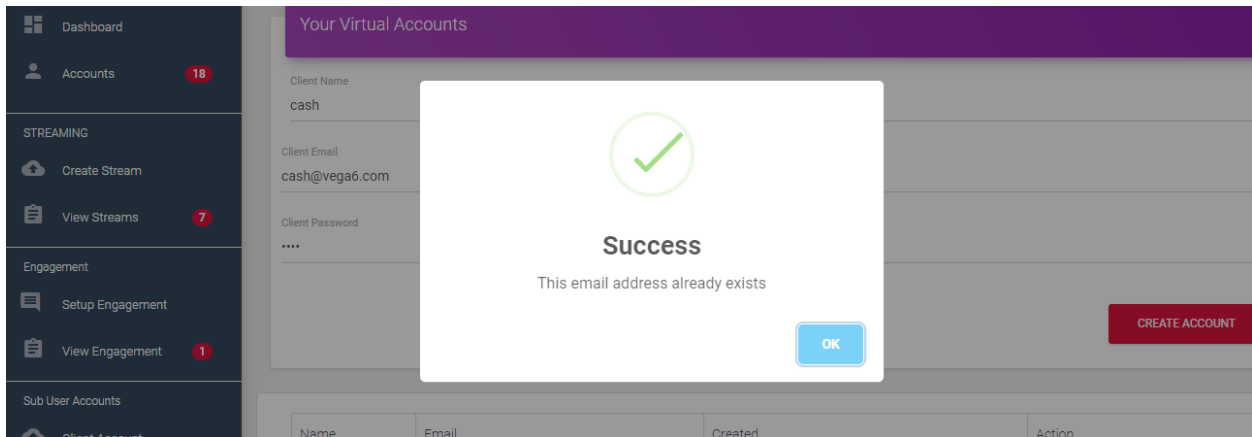

**Step 2-** Now enter your client name,client email,client password and click on create

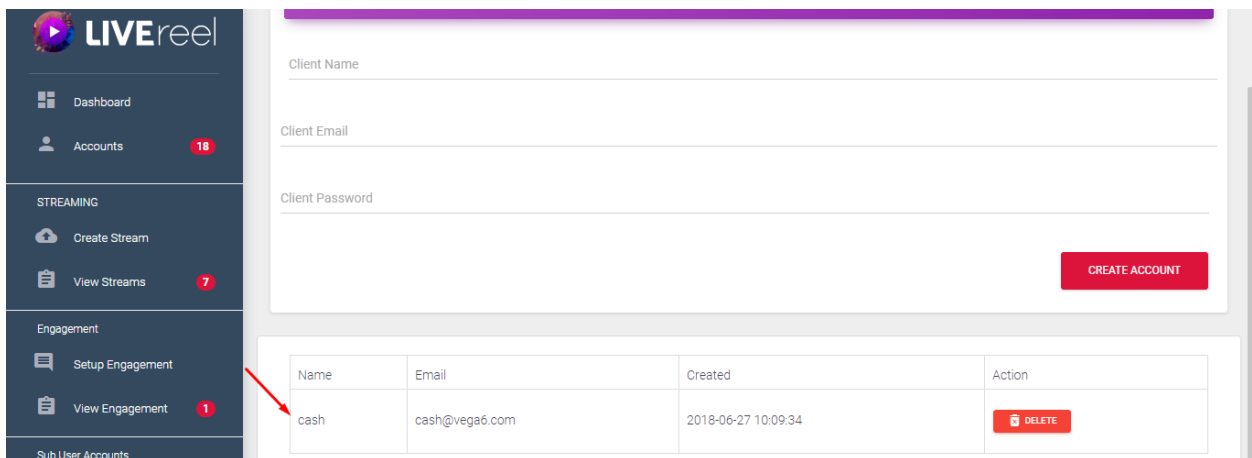

The screenshot shows the 'Your Virtual Accounts' form. The sidebar is identical to the previous screenshot. The main form area has a purple header 'Your Virtual Accounts' and three input fields: 'Client Name', 'Client Email', and 'Client Password'. Red arrows point to each of these fields. A red 'CREATE ACCOUNT' button is located at the bottom right of the form, with a red arrow pointing to it. The top of the form area includes a promotional banner: 'f Videos Using Just a Keyword - Use Coupon: abhi40xp for \$40 OFF || Automatically Publish Your Video' and another 'CREATE NEW STREAM' button.

**Step 3**-Now upon clicking on Create Account tab you will be notified with confirmation message –SUCCESS (Virtual Account has been created successfully).Click on OK

To check your created virtual account detail scroll down where you check your client name, email, date created with delete option in case you need to delete your client account.
